

Table 1: ADRC Baseline Visit
Subject and Study Partner Together
Vitals
Height and Weight (BMI) (NACC Form B1)
Resting blood pressure, heart rate and respirations (NACC Form B1)
Waist to Hip Ratio
Fasting Blood Draw for Following Tests and Banking of Samples
Lipid Panel: Total Cholesterol, Triglycerides, High-Density Lipoprotein, Low-Density Lipoproteins
Basic Metabolic Profile: Electrolytes; Glucose; Blood Urea Nitrogen (BUN); Serum Creatinine; Calcium
High-sensitivity c-reactive protein (hs-CRP)
Apolipoprotein E (APOE) genotyping
Specimen Collection for Banking
Plasma, Serum, CSF (optional)
Clinical Interviews (with Subject and Study Partner)
Subject Demographics (NACC Form A1 and W-ADRC A1)
Subject family history (NACC form A3 and W-ADRC A3)
Review of medications (NACC Form A4)
Subject health history (NACC Form A5 and W-ADRC A5-1 and W-ADRC A5-2)
Review of systems and allergies (See Appendix C)
Clinician-assessed Medical Conditions (NACC D2)
Subject Procedures
Brief Physical and Neurological Examinations
Physical/Neurological Exam Findings (NACC Form B8)
Physical Examination Checklist (See Appendix D)
Neurological Examination Checklist (See Appendix E)
Neuropsychological Evaluation
Mini-Mental Status Exam (NACC Form C1) later replaced by Montreal Cognitive Assessment (MoCA)
Clinical Dementia Rating Scale (Patient Interview/Examination) (NACC Form B4)
Boston Naming Test (30 Odd Numbered Items) (NACC Form C1) later replaced by Multilingual Naming Test (MINT) (C2)
Category Fluency (Animals, Vegetables) (NACC Form C1)
Trail Making Test A and B (NACC Form C1)
Rey Auditory Verbal Learning Test (W-ADRC C1)
Clock Draw Test (W-ADRC C1) AD/MCI only
Questionnaires and Interviews (Filled out by Subject; or by Clinician interviewing Subject)
Geriatric Depression Scale (GDS) (NACC Form B6)
Informant Questionnaire on Cognitive Decline in the Elderly-Short Form (IQ-CODE)
Memory Function Questionnaire (MFQ) IMPACT only
Center for Epidemiological Studies-Depression Scale (CES-D) IMPACT only
Psychiatric Diagnostic Screening Question (PDSQ) IMPACT only
Apathy Evaluation Scale IMPACT only
Physical Activity Questionnaire for Older Adults (CHAMPS)
Florida Cognitive Activities Scale (FCAS)
Sleep Questionnaire and Insomnia Severity Index
Diet Questionnaire
Study Partner Procedures
Study Partner Interviews and Questionnaires
Informant Demographics (NACC Form A2)
Clinical Dementia Rating Scale (Caregiver Interview) (NACC Form B4)
Neuropsychiatric Inventory Questionnaire (NPI-Q) (NACC Form B5)
Functional Assessment Questionnaire (FAQ) (NACC Form B7)
Study Partner Interview (See Appendix F)
Informant Questionnaire on Cognitive Decline in the Elderly-Short Form (IQ-CODE)
Memory Function Questionnaire (MFQ) IMPACT only
Apathy Evaluation Scale Informant IMPACT only

*Can use laboratory value from medical record if test is performed within six months of Baseline Visit
