

# Wisconsin ADRC **By the Numbers**

The Wisconsin Alzheimer's Disease Research Center (ADRC) studies the causes, diagnosis, treatment, and prevention of Alzheimer's disease, as well as related topics such as caregiver stress and patient care. The following is a summary of our accomplishments since the center was formally established in April 2009 through March 31, 2021.

**41**  
SCIENTISTS

**25%**  
from underrepresented  
groups (URGs)

**46**  
ACTIVE RESEARCH  
STUDIES IN BASIC  
SCIENCE AND  
CLINICAL RESEARCH
